TIGHT FIT FOR LAKES SHIP—Up go the bridges as S.S. Joseph S. Young, a former seagoing tanker with 68-foot beam and overall length of 589 feet, slowly passes along edge of Chicago's business district on way to Lake Michigan. Building with tower, background, is Civic Opera Building beyond which river bends to right and entrance to Lake Michigan. Ship is one of largest ever to make the trip through Chicago river. Pledges Still Welcome
Kingston Hospital
Approaching Goal

Today marks the formal conclusion of the Kingston Hospital drive for funds to complete the sixth and seventh floors of the new wing but pledges are still welcome and will be accepted gratefully, it was announced today by Richard M. Kalish, chairman of the drive.

Funds received after today can still be credited to this drive and are needed, Mr. Kalish explained.

Cooperate With Beneficence

During the past month members of the Kingston Hospital Board of Trustees have quietly presented the needs of the hospital to interested persons in the community. Mr. Kalish explained that this had been done in order that the Beneficence Hospital drive would not be hampered.

Members of the Kingston Hospital board, several of whom served in the Beneficence Hospital campaign recently concluded, realized the importance to the community of the Beneficence drive and did not publicize the campaign intensively.

Pleased With Support

Mr. Kalish expressed his appreciation to members of the board who volunteered their services to make the campaign a success. "It was most pleasing to see the whole-hearted support of board members," he stated.

Mr. Kalish also expressed appreciation to donors to the drive. Some of the largest donations were: IBM, \$50,000; Hercules Powder Co., \$10,000; Century Cement Co. of Rosendale, \$10,000; Electrol, \$5,610; and Central Hudson, \$5,000.

The hospital now has 140 beds and 18 bassinets. If the sixth and seventh floors of the new wing are completed it will have 155 beds and 22 bassinets.

Facilities Vitrally Needed

Mr. Kalish said these additional beds and bassinets were greatly needed, that there was still a shortage of beds and that the board was conscious of their increasing need. It will cost approximately \$500,000 to complete the two top floors of the wing, he explained.

One of the two floors would be used as a surgical floor and the other as an obstetrical floor.

On the surgical floor the hospital would pick up recovery rooms and patient beds. On the obstetrical floor it would gain new labor rooms, a new nursery and additional patient beds.

Grateful for Response

Mr. Kalish said it had been amazing to him to see such excellent response from the community in the drive concluding today, "mainly because of the realization of the community that hospitals are so important."

He said the drive could "never have succeeded without the devoted efforts of the board of trustees." He pointed out also that the staff of the hospital had contributed most generously.

He expressed appreciation to The Freeman, local radio stations and to Robert N. Schnitzer, hospital administrator, who "is doing a wonderful job."

Approaching Goal

The hospital has available some \$147,000 from past pledges and mortgage commitments. It also expects to have approximately \$167,000 in federal funds.

When the drive opened the hospital needed \$187,000. Figures were not immediately available on the amount raised to date but it is believed to be fast approaching the goal.

Members of the board of trustees of the hospital are: Allan L. Hanstein, president; (Continued on Page 6, Col. 7)

Two Groups Oppose Doe Season
Supervisors Conduct Busy Session on Thursday Night

Two sporting organizations sent communications to the board of supervisors Thursday evening opposing an open season on doe deer. John L. McGrath, secretary of the Phoenicia Fish and Game Association, notified the board of its action and suggested a public hearing. Saugerties Fish and Game Association, through its president, Walter Pettenger and Frank Sloboda, secretary, also opposed the "antlerless deer" open season proposition.

Chairman Charles Relyea referred the matter to the Committee on Game Propagation. That committee met after the session and the committee will later report its opposition to an open season on doe deer.

Asks Nurse Pay Study

Harry Kaplan, president of Board of Health, sent a committee to study the pay of nurses.

Epstein Reappointed

Joseph Epstein was reappointed to the board of health.

Gromyko Appointed Foreign Minister
Succeeding Shepilov in Soviet Post

Moscow, Feb. 15 (AP)—The Soviet government today relieved Dmitri Shepilov of his post as foreign minister and appointed career diplomat Andrei Gromyko in his place.

Shepilov took the foreign minister's job last June, succeeding V. M. Molotov. He returns to his old position as one of the eight secretaries of the powerful Communist party central committee.

Shepilov always has been regarded as a protégé of Communist boss Nikita S. Khrushchev. Gromyko has been considered a protégé of Molotov.

Western observers said the reshuffle indicates a return to the old Molotov line in Soviet foreign policy. The Molotov line was a tough one. The Khrushchev policy plugs the theme of peaceful coexistence.

The announcement said a full meeting of the Communist Central Committee yesterday named Frol Romanovich Kozlov as a candidate (alternate) member of the party's ruling presidium, successor to the old Politburo. Kozlov has been an active leader of the Leningrad Party Committee and a close collaborator of former Premier Georgi M. Malenkov.

As a secretary of the Communist Party Central Committee, Shepilov rejoins the other secretaries headed by Khrushchev, who has the title of first secretary.

Nikolai Semenovitch Patolich, who has been a secretary in the party organization of White Russia, was named a first deputy foreign minister. Patolich has been a deputy foreign minister since July and is a member of the party's central committee.

Shepilov replaced Molotov as foreign minister last June 1, on the eve of a visit to Moscow by President Tito of Yugoslavia. The timing of this shift was interpreted then as a gesture of good will toward Tito. Molotov had been one of the primary figures in the party's central committee.

Dial Work
Numbers Listed
For Phone System

The work of installing new dial equipment for the Kingston area is progressing rapidly, according to Robert J. Dalton, New York Telephone Company manager.

A considerable amount of the equipment has arrived in the last three weeks, he said, and the work of setting it up in the new central office addition at 449 Broadway is well underway. There are now 75 workers on the job and this will increase to about 125, he said.

County Designations

The new telephone number designations that will go into effect with the change were announced by Mr. Dalton. The designations for Kingston telephone numbers will be Federal 1, Federal 2, Federal 3, Federal 4, Federal 5, Federal 6, Federal 7, Federal 8, Federal 9, Federal 10, Federal 11, Federal 12, Federal 13, Federal 14, Federal 15, Federal 16, Federal 17, Federal 18, Federal 19, Federal 20, Federal 21, Federal 22, Federal 23, Federal 24, Federal 25, Federal 26, Federal 27, Federal 28, Federal 29, Federal 30, Federal 31, Federal 32, Federal 33, Federal 34, Federal 35, Federal 36, Federal 37, Federal 38, Federal 39, Federal 40, Federal 41, Federal 42, Federal 43, Federal 44, Federal 45, Federal 46, Federal 47, Federal 48, Federal 49, Federal 50, Federal 51, Federal 52, Federal 53, Federal 54, Federal 55, Federal 56, Federal 57, Federal 58, Federal 59, Federal 60, Federal 61, Federal 62, Federal 63, Federal 64, Federal 65, Federal 66, Federal 67, Federal 68, Federal 69, Federal 70, Federal 71, Federal 72, Federal 73, Federal 74, Federal 75, Federal 76, Federal 77, Federal 78, Federal 79, Federal 80, Federal 81, Federal 82, Federal 83, Federal 84, Federal 85, Federal 86, Federal 87, Federal 88, Federal 89, Federal 90, Federal 91, Federal 92, Federal 93, Federal 94, Federal 95, Federal 96, Federal 97, Federal 98, Federal 99, Federal 100.

JOSEPH D. HILL

Attorney Named
County Head for
Red Cross Drive

To organize the Ulster county townships in the 1957 Red Cross annual campaign for funds began March 1, Attorney Joseph D. Hill has been appointed county chairman by Attorney Francis X. Tucker, general chairman of the campaign.

Mr. Hill was graduated from Kingston High School in 1947 and from Fordham University in 1951 and in 1954 from Albany Law School.

Veteran of Overseas

He opened an office for practice of law in this city and later entered service. He joined the Second Armored Division and was assigned to the 124th Armored Ordinance Battalion. After 18 months overseas, Mr. Hill returned to the United States and upon completion of service reopened his law office at 38 Pearl street.

The local attorney, who has represented the District Attorney's office on several court matters, handled numerous important items, including criminal cases before the county and Supreme Courts in Ulster county prior to entering service.

During his service overseas at Bad Kreuznach, Germany, he became courts and boards clerk, handling court martial and other legal matters for the 124th Armored Ordinance Battalion.

Following his admission to the bar, Attorney Hill was admitted to practice before the Federal Bar of the Northern District of New York and is a member of the New York Bar, Ulster County Bar Association and the Albany Law Alumni Association.

Of the \$37,000 local goal, \$17,000 has been assigned to the county townships. Mr. Hill is now in the process of securing the volunteers necessary to insure complete coverage in all parts of the county, Chairman Tucker announced.

R-28 Area Starts Action
Petitions Are Out
For Fire District

Fire protection for that area of the town of Ulster along Route 28 between the city limits of Kingston and the Zena Road at West Hurley has been under consideration for some time Supervisor Percy Bush of the town of Ulster informed The Freeman yesterday.

This "no man's land" in which a fire damaged the property of Unity Homes Construction Company early Thursday morning, has been the subject of considerable discussion in the town and presently petitions are being circulated in the area by Austin Brown and John Walker seeking to have a fire district formed in the area.

No Legal Right

Supervisor Bush pointed out that at the present time the town board had no legal right to enter into a contract with any existing fire district to provide fire protection to the area.

Some time ago, Bush stated, West Hurley had offered a contract to cover the Ontora Trail area on a free basis. Without a fire district or fire protection district in that area assessment of the cost would have to be a town charge.

It would be illegal to impose the charge against the entire township.

Need Signatures

To remedy the situation, Supervisor Bush said, a map had been prepared of the area and the town attorney, Louis DiDonna had drawn up petitions which are now being circulated in the area requesting a fire district.

**Saugerties Firm
Sells Factory
To Shoe Company**

A Saugerties dress manufacturing company has been sold to a Long Island shoe firm which will take occupancy of the property July 1 and manufacture children's shoes, the Freeman learned today.

Raymond Friedman, owner of the Friedman Dress Company, High street, said the property has been sold to the C & S Shoe Company, Inc., of Woodside, L. I.

Employs 12 Now

It was reported the dress company employs about 20 persons at full force but it could not be learned how many the shoe company will employ.

Attorney Howard C. St. John of this city, who represented Mr. Friedman in the transaction said the shoe company will take occupancy July 1. Mr. Friedman said his firm, which manufactures house dresses, would continue to operate "at least until July."

Rosenblum and Lamb, Saugerties law firm represented the shoe company.

Boy, 15, Held for Youth Court
Three Students Sentenced
For Thefts of Auto Parts

Two Kingston youths, and another from Ulster Park were arrested last Thursday afternoon on petit larceny charges, and a 15-year-old accomplice is scheduled for appearance in Children's Court in connection with the theft of parts from a Bloomingtown auto graveyard.

Arrested were Thomas Edward Myers, 17, of 17 Downs street; Charles Warren Powell, 18, of 46 Pine Grove avenue, and William Paul Ponsanski, 17, of Ulster avenue, Ulster Park. The three are students at Kingston High School, and the 15-year-old is a student at Myron J. Michael School, it was reported.

Get 60 Days

Myers, Powell and Ponsanski were arraigned before Justice of the Peace Edward Brodsky, town of Rosendale, and each was sentenced to 60 days in the Ulster county jail.

Arrested by Undersheriff Clayton Vredenburg and County Investigator Arthur H. Brown, the three were charged with the theft of a car radio, two chrome water pipes, a chromed air cleaner, 20 chromed cylinder-head nuts, three rear-view mirrors, two automobile rear springs and two tires.

It was charged that the thefts were committed at Kenneth Bordenstein's auto graveyard, Bloomingtown.

Sentence Suspended

Dennis Harp, 19, of 229 Greenkill avenue, was arrested Wednesday by County Investigator Brown on a malicious mischief charge.

Harp pleaded guilty when arraigned before Justice of the Peace Alton Boyce, town of Hurley, was given a 30-day suspended sentence and placed on probation for six months.

It was charged that Harp and two other youths on the morning of Jan. 30 damaged mail boxes on the crossroad between Lucas avenue and Route 209, town of Hurley.

Two for Grand Jury

The two other youths were arrested Sunday by Kingston police on first degree grand larceny charges. They are Ronald L. Osterhoudt, 18, of 27 Oak street, and Edward J. Calhoun, 20, of Shokan.

They waived examination when they appeared Monday morning before City Judge Raymond J. Mino and were held to await action of the grand jury.

Osterhoudt and Calhoun were spotted by Kingston state police in a car reported stolen from the city.

**3 Doctors
Are Among
Opponents
Only 1 Dissenter
At City Hearing**

A mental health board was authorized by the Board of Supervisors last night, but new, last-minute objections before the vote, indicated possible further discussion of a mental health program, before final decisions are made.

Mayor Frederick H. Stang, said today, following public hearing on city participation, that he has approved the local law authorizing Kingston to join the county in establishing a mental health board.

The county measure, adopted last night, was contingent upon the city giving its approval by March 1, and the mayor's announcement today makes the joint action effective.

Say 10 Doctors Opposed

Three doctors, who voiced objections at the supervisors' session indicated 10 others in the Ulster County Medical Society, were opposed, but those in favor argued that a public hearing had been held, that only a mental health board had been approved, and that no definite program had been decided upon or submitted, to date.

More than 100 persons attended the city hearing in the Common Council chamber, city hall, conducted by Mayor Stang last night, and of 28 who spoke, 27 favored the measure.

Can't See Need

Dr. Gerald Gormart, speaking first, at the supervisors' meeting, referred to a statement made recently at a supervisors' meeting to the effect that the County Medical Society had voted unanimously for establishment of a mental health board under a Local Law.

Dr. Gorman said at the meeting at which the vote was taken the entire county profession was not represented and that "at least 10 doctors are against" the plan. This included many general practitioners in the Medical Society.

Dr. Gorman said he felt "such a large program" was not necessary and if the program is to be put into effect it should be kept on a local level, at least until its merit is established. He said he did not feel it necessary to include federal and state assistance in the plan at this time. If on trial it were found there was need for widening the program state aid could be enlisted later.

Questions Results

Establishment of a county mental health clinic, Dr. Gorman said, might not bring the expected results. He questioned whether full advantage would be taken of it. In cancer there is "no stigma" at a clinic but there remains certain social association with mental disease. He said it was his opinion that the mental problem should be kept between the family and the private physician.

It was suggested the mental health case in which private treatment was not possible because of financial strain, could be referred to the County Health Department.

BENJAMIN SCHECHTER

ZOA Will Honor
Leader in Varied
Endeavors Here

A testimonial dinner honoring Benjamin Schechter, prominent in religious, educational, civic, political and business circles will be held Sunday, March 31, at the Governor Clinton Hotel.

Announcement of the dinner was made today by Rabbi Jacob I. Rubenstein of Congregation Ahavath Israel, who said it is being sponsored by the Kingston District Zionist Organization of America. Starting time is 6:30 p. m.

Mr. Schechter, who resides at 199 Downs street, is a past president of the organization, which is honoring him for his progressive leadership while he was its head, and for his contributions and self sacrifice in the other fields.

Further announcements will be made about the dinner at which there is to be a prominent speaker.

Mr. Schechter was president of the local ZOA district from 1947 to 1949, and from that year until 1951 was vice president of the Empire State Zionist Region.

Calls for Understanding

When informed about plans for his testimonial, Mr. Schechter said "I hope this will mark the beginning of a reactivated Kingston ZOA which will help build a very necessary bridge of understanding between our local citizenry and the State of Israel."

"We must be on the alert to safeguard Israel's independence and help her achieve security and economic stability," he remarked. "She is the only dependable ally the U. S. has in the Middle East."

Recalling a recent news conference in Washington, Mr. Schechter pointed to the implication of Secretary of State Dulles that the United States would be prepared to defend Israel if Russia tried to destroy the state.

Leader in P-T-A Program

Among positions he has held have been the presidency of the Parent-Teacher Association of the Myron J. Michael School, of Congregation Ahavath Israel, co-chairmanship and president of the P-T-A of School No. 6.

Civically, Mr. Schechter has served as president and member of the Kingston Board of Water Commissioners. He was reappointed to the water board by Mayor Frederick H. Stang on (Continued on Page 11, Col. 3)

**Supervisors' Group Names
Battenfeld New President**

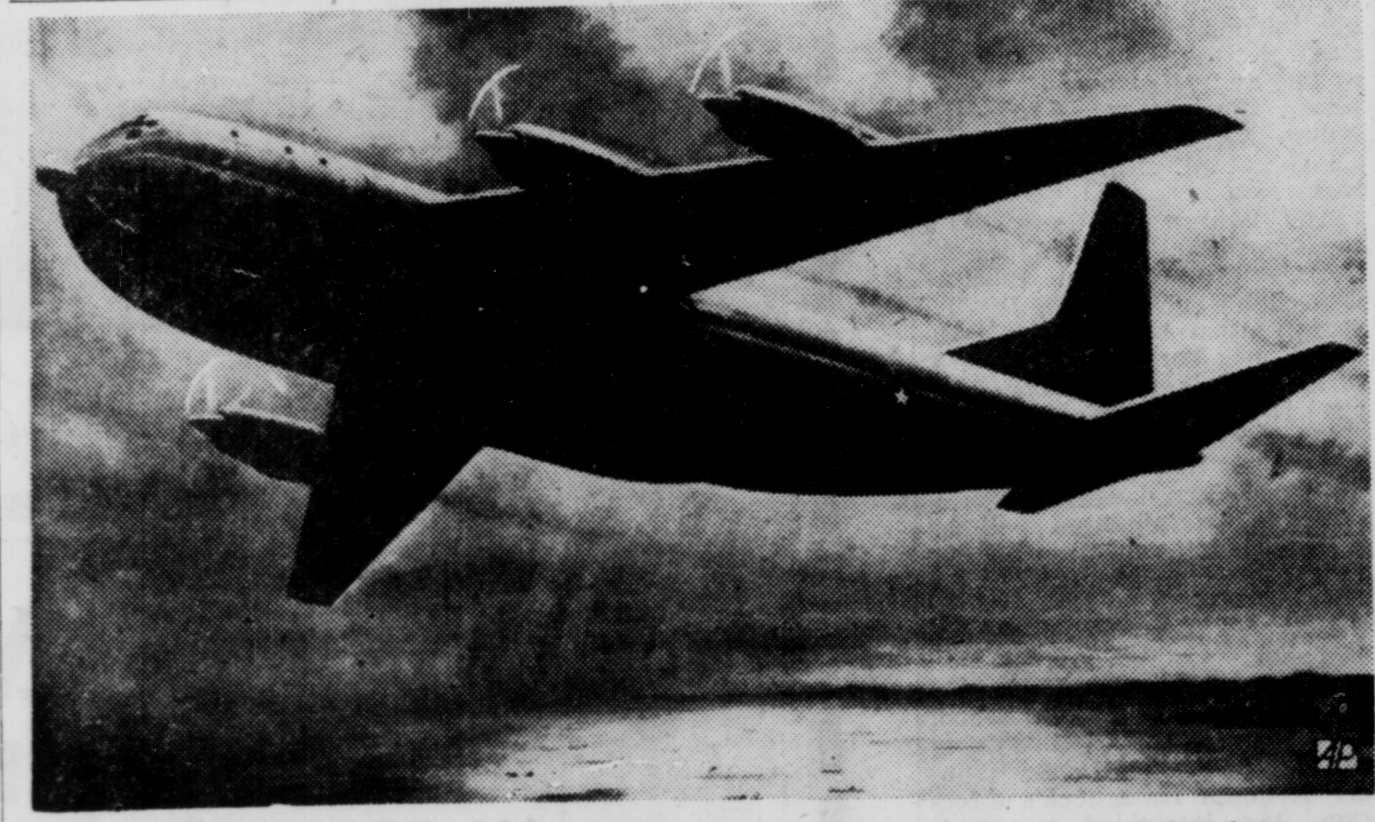

Henry Battenfeld, who served the town of Ulster as supervisor from 1944 to 1947, was elected president of the Ulster County Supervisors' Association Thursday evening to succeed Herbert George of Denning. Battenfeld had been serving as vice president.

Named to succeed Mr. Battenfeld as vice president was Ross K. Osterhoudt of Stone Ridge who served as town of Rochester supervisor from 1933 to 1937.

Raymond Howe of Port Ewen, who served the town of Esopus from 1936 to 1943 as supervisor, was reelected treasurer. Mr. Howe is deputy clerk of the board of supervisors. Clerk Robert A. Snyder is secretary, the rules of the Supervisors' Association providing that the clerk of the board shall be the clerk of the association.

Members of the association were called into session by President Herbert L. George, who served Denning as supervisor from 1930 through 1935, and election of officers was called for. A moment of silence was observed in memory of five former supervisors who died during the past year. They are Lester B. Davis, Oliver Keator, Rosendale; Elmer Vente, Hurley; John Shults, Saugerties and Tutthill McDowell, Wawarsing.

A committee was named to arrange for the annual banquet, an affair which usually attracts about 500. On the committee are Henry Battenfeld, Harry Sutton, Jesse McHugh, Charles Relyea, Peter Williams, Cluett Schantz, Edwin Ashby, John Gaffney, Donald Sprague, James Carroll, Roy Denniston and Ross K. Osterhoudt. The time and date will be announced.

New Paltz Area Methodist Notes

Cherubs to Sing

Sunday at the 11 o'clock morning worship service in the Methodist Church, the newly organized cherub choir will sing publicly for the first time.

The group is a small one composed of three and six and is directed by Mrs. Frank Brown, a member of the local church.

Also at this service the theme of "Race Relations" will be observed and the Rev. Willett Porter will preach on "Let's Be Christian and Live Together Peaceably." A special offering will be received for Clark College in Atlanta.

The second session of nursery-kindergarten will be maintained during the hour of worship for the convenience of parents attending the service.

Home for the Aged

A group of members and friends of the New Paltz Methodist parish will travel to Ossining, Sunday afternoon to visit the Bethel Methodist Home and participate in the service of worship for the residents. The Rev. Mr. Porter and Mr. Davis are handling the travel arrangements and the service. Cars will leave the New Paltz church at 2 p. m. The service will be at 3:30, with an opportunity for seeing the facilities of the home after that. Those interested in making the trip should signify their intentions by calling the parsonage.

Student Discussion

The Wesley Student Fellowship, a study, worship and fellowship group meeting each Sunday evening at the Methodist Church for supper and program, announces the program for Sunday evening as "Are There Signs of Hope in the Area of Race Relations?" The guest speaker and resource person will be Dr. Thomas Blair, member of the faculty of the State Teachers College. All are welcome, whether students or community members. Supper is at 5:45 and the program begins at 7 p. m. in the fellowship room of the church.

Methodist Youth Meet

The junior high youth fellowship of the Methodist Church will meet Sunday at 7 p. m. in the social hall of the church. Kenneth Davis is the advisor of the group. Devotions Sunday evening will be "Our Answer" based upon Ruth 1.

Plutarch Service

The regular 2 o'clock afternoon worship service in Plutarch Methodist Church will not be held this Sunday.

Instead, the members of the church will be travelling to the Bethel Methodist Home in Ossining.

ing to present the service of worship there for the residents of the home. Cars will leave Plutarch at 1:45 and from New Paltz at 2 p. m. The service will be at 3:30. Next service of worship in Plutarch Church will be Sunday, Feb. 24 at 2 p. m.

Leadership Training

The Methodist Church in Sub-District 5 of the Newburgh District are uniting for a leadership training school for Sunday school teachers and others connected with the Christian education programs of the local churches.

These churches include the Methodist Churches in Highland, Clintondale, Modena, New Paltz, Lloyd, Plutarch, Milton, Marlboro, Middle Hope, Plattekill, Rossville, and Newburgh. The theme of the school will be "The Use of the Bible." The sessions will begin Tuesday, March 5, and will continue for the next six successive Tuesday evenings, beginning each evening at 7:30, in the Highland Church.

The Rev. John Swords is dean; registrations should be sent to the Rev. Joseph Bailey, Newburgh, registrar; the Rev. Sydney Parker is publicity chairman; the Rev. Willett Porter is treasurer and the Rev. William Cosman is in charge of arrangements.

Instructors are the Rev. Howard D. McGrath of Poughkeepsie, the Rev. Robert Meyer, of Milton; Mrs. Willett R. Porter of New Paltz; and Mrs. Charles Sargent of Poughkeepsie. Courses are being offered for workers with Children, Youth, Adults.

Annual Meeting Changed

The date of the fourth quarterly conference of the New Paltz Methodist Church has been changed from March 5 to the evening of March 22. More details will follow.

Scout Service

Boys from the four units of Boy Scouting in New Paltz took part in the morning worship service Sunday in the Methodist Church.

William Morris and Clifford Van Valkenburgh, scoutmaster and assistant scoutmaster, respectively of Troop 77 which is sponsored by the local church, assisted the Rev. Willett Porter in the ordering of the service.

The sermon by the pastor was entitled "Building for Life." A color guard composed of Explorer Peter Phillips, Scouts Herbert Van Valkenburgh, Stewart Glenn, Billy Schoonmaker, Dennis Koenig and Cub Scout John Morris took part.

Ushers included Scouts Robert Martin, William Gruner, Teddy Kroger and Cub Glenn Martin. Other Scouts, Cubs and Explorers from the church are James Bates, Richard Phillips, Robert Phillips, Derek Coulton, Glenn Hasbrouck, John Olsen, Douglas Graham, Gary Winfield and Dennis Winfield.

In the afternoon at 3 p. m., boys from all the churches and units of Boy Scouting in New Paltz joined together for a community Boy Scout Sunday family service in the Methodist Church.

Confirmation Class

The pastor's preparatory class at the Methodist Church meets each Wednesday at 3:45 (immediately following school). This class is for those young people (12 and older) who will be confirmed Easter Sunday, April 21. The Rev. Mr. Porter reports that there is still time to enroll, next Wednesday being the final day for registration.

Collapses on TV

Hollywood, Feb. 15 (AP)—Character actor Fred Kruger collapsed before television cameras last night while making an opening speech on the CBS show, "Climax!" He was revived and gave the closing remarks in a story titled, "Stain of Honor." A studio spokesman said the director of the show had the cameras turned away from Kruger as soon as he collapsed.

Think It Through

By E. F. HUTTON
BIGGEST CON GAME OF ALL

Federal "aid" is the gimmick by which Federal Bureaucrats justify more jobs for themselves. It consists in paying taxes to Federal collectors rather than local public treasurers.

Uncle has no money. He has to tax before he aids. And the Federalists first subtract their brokerage. So less comes back than goes in. They subtract more than they add. How do you get aid by subtraction?

But it aids the politicians. It helps Congressmen and Senators. They get some political credit for whatever Federal aid comes back to their localities.

It also aids local officials—mayors and county commissioners. They get credit for local improvements without taxing their folks, who aren't told they could have done it cheaper themselves.

It gets them off the hook. At election time, they say: "Look at all these public improvements we got for you without costing you a dime, or no more than a nickel in a dime."

And moreover, the Federal red tape and divided responsibility is a nice jungle for contractors to hid their costs in, so they can contribute more to the candidates.

Federal aid is a BIG help to politicians and contractors. But, neighbor, don't fail to read the December and January "READER'S DIGEST" articles by former Governor Driscoll, of New Jersey. He says that Federal grants-in-aid projects cost two to ten times more than if local offices did them with local taxes.

Humphrey Sees Good Times for Next 18 Months

Washington, Feb. 15 (AP)—Secretary of the Treasury Humphrey foresees continued prosperity for the next 18 months.

"There are no signs of a recession," Humphrey said in secret testimony before a House appropriations subcommittee on Jan. 25. The group made the testimony public today.

Still Wants Cuts

Humphrey, who has cautioned that a continued high level of government spending could lead to a depression that would "curl your hair," again urged that "everyone go to work" on trimming expenditures. He said business, labor and local governments must join federal agencies in avoiding inflationary steps.

At the same time, Humphrey asked for \$713,834,000 to run the Treasury for the fiscal year starting next July 1. This is \$63,261,150 more than the department got this year.

Chairman Gary (D-Va.) asked how the Treasury arrived at its forecast of \$73,600,000,000 in revenue for next fiscal year, compared with \$70,600,000,000 this year and \$68,100,000,000 last year.

"What we have done is to assume approximately the same rate of activity that we have had

in the past two years," Humphrey replied. He added:

No Trouble Signs

"If someone said to me, 'do you see any signs that we are in for trouble?' Do you think business and the volume of activity will greatly decline in the next 18 months?' I would say, 'No, I do not.'"

"In fact, I think if we can control our activities and do some of the things we are urging, largely in the government itself, if the government itself and a lot of these local governments can control our appetites and if we do not put additional inflationary pressures on the country, if we do our part, I see no reason this cannot go on for a long period of time."

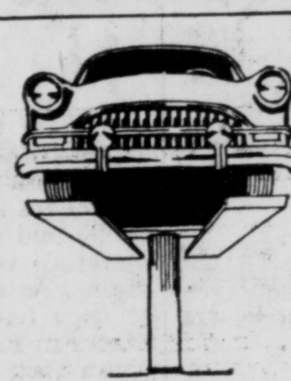

30 New Arrests

Budapest, Feb. 15 (AP)—More than 30 new arrests growing out of the anti-Russians revolt in Hungary were announced today. There apparently were a considerable number of others not listed in public announcements. A group of 13 awaiting trial at the little town of Nagykat, about 35 miles east of Budapest, were charged with destroying Communist party headquarters and the Soviet war memorial there.

Rochester Board Meeting

The regular monthly meeting of the Town Board of town of Rochester will be held in the Town Clerk's office tonight at 8 o'clock. The date was changed due to conflict with the Association of Towns Convention which is being held in Buffalo this week.

New Bills Introduced In State Legislature

Albany, N. Y., Feb. 15 (AP)—A legislative committee wants the state to help build a new \$2,500,000 ski center on Whiteface Mountain in the Adirondacks. It said the center would be "un-surpassed" in the east.

Leaders of the joint committee on winter tourists proposed yesterday that the Legislature approve the lending of the money to the Whiteface Mountain Authority. The state would be repaid from the proceeds of a bond issue after the development had been completed and in operation 18 months.

Sponsored by GOP

The bill was sponsored by Assemblyman Robert G. Main of Franklin county, the committee chairman, and Sen. Robert C. McEwen of Ogdensburg, the vice chairman. Both are Republicans.

Main said the funds would allow the authority to build an "elaborate" system of ski lifts and trails "un-surpassed in the eastern United States."

The state for many years has operated ski facilities on the mountain. The new center has been in the planning stage.

Would Aid Handicapped

Two other bills introduced yesterday would help the handicapped.

Two Republicans co-sponsored a measure that would grant blind veterans increases of \$100 a year in state pensions—beginning in 1958—up to a maximum \$1,000 annually. Blind veterans have been receiving \$500 a year from the state since 1936.

The sponsors, Sen. Dutton S. Peterson of Odesa and Assemblyman Edwyn E. Mason of Delaware county, said Democratic Gov. Harriman had vetoed an identical bill last year. They said he gave no reason.

Sen. Joseph F. Periconi, Bronx Republican, proposed that physically handicapped persons be granted an extra \$600 exemption in figuring their state income tax.

Periconi and Assemblyman Samuel A. Spiegel, Manhattan Democrat, combined to sponsor legislation that would require li-

censing of all ticket agents and travel agencies in the state selling railroad, steamship, bus, airplane and hotel reservations.

Would Bar Agents

The measure would bar such agents from selling accommodations for any public carrier, hotel or resort practicing discrimination. It would also require the agents to post \$10,000 surety bonds with the state to insure reimbursement of deposits.

Two lawmakers from Queens asked the Legislature to grant New York city the right to establish cooperative extension work in agriculture and home economics under the supervision of Cornell University. Such extension courses are now available in the state's 57 counties outside New York city. The sponsors were Sen. James J. Crisena, a Democrat, and Assemblyman Anthony P. Savarese Jr., a Republican.

Sen. Henry A. Wise, Watertown Republican, asked the Legislature to appropriate \$468,000 for creation of 250 Regents scholarships for training of college teachers.

GE Has \$4 Million Missile Cruiser Job

Washington, Feb. 15 (AP)—The navy today announced award of a contract of more than four million dollars to the General Electric Co. for construction of the main turbines and gears for the first atomic powered guided missile cruiser.

This work will be done at GE's plant in West Lynn, Mass.

The contract price covers the cost of turbines, reduction gears, condensers and equipment involved in applying to the propeller shafts the power generated in the ship's atomic furnace.

The Bethlehem Steel Corp. yards at Quincy, Mass., will build the missile cruiser. The Westinghouse Electric Co. has been given a contract to supply the atomic reactors.

9 More Ulster Garages Listed For Auto Checks

An additional listing of nine official inspection stations in Ulster county to conduct motor vehicle checks under the state's new inspection program were announced today by the State Bureau of Motor Vehicles.

A total of 363 additional official inspection stations were announced for the state.

Today's listing brings to 4,867 the number of official inspection station licenses thus far issued. Special licenses have also been issued to several hundred fleet owners and automobile dealers who are authorized to inspect only their own vehicles.

Those Licensed

The new station listing in Ulster county follows:

Tom Cook's Garage, Route 209, Napanoch; Greco Motors, Inc., Four Corners, Glasco; Jerry Martin Pontiac, Inc., 708 Broadway, Kingston; Carol Motor Co., Route 52, Pine Bush; Rickey's General Auto Repairs, Route 213, Rosendale; Knaust Motors Inc., 1 Malden avenue, Saugerties; Saugerties Sales and Service Inc., 138 Ulster avenue, Saugerties; Scotty's Garage, Route 2, Box 91, Saugerties-Woodstock road,

Saugerties, and West Park Servicer, Route 9W, West Park.

Inspection of vehicles more than four years old started this month, when all 1938-and-older models must be checked. The 1939 and 1940 models are due for inspection in March. Inspections cover brakes, lights, steering and wheel alignment.

Beginning May 1, all used vehicles four or less years old (1953 and newer models) must be inspected, if sold or transferred, before the new owner can get registration plates.

3 New Grades of Gasolene

Featuring New **100 PLUS** OCTANE

100 PLUS

If you drive an ultra-high compression car...

...and want every last ounce of the luxury performance it was designed to yield, then "100 PLUS" is your gasolene.

Hard-to-impress professional drivers called it "Just what the automotive engineers ordered for today's high powered cars... a fuel that will exceed 1957 cars' requirements."

100 OCTANE PLUS stops engine knock and delivers far more power, far faster and smoother getaway. It costs far more to produce... but only a few extra pennies to buy... a mighty good investment if you want the very peak of power and performance!

SUPER 5-D

If you drive a high compression car...

...then you'll enjoy a new high in performance by filling the tank with New "SUPER 5-D." Outstanding in the premium class... the only gasolene (except "100 PLUS") that combines all five of these modern features:

1. Extra-High Octane
2. Anti-Carbon
3. Anti-Stalling
4. Anti-Rust
5. Upper-Cylinder Lubricant

Cities Service New "SUPER 5-D" tops its field... in performance and scientific engine protection. For all but the highest compression cars, it is far-and-away the most powerful gasolene they can possibly need or effectively use.

MILEMASTER

If you drive a standard compression car...

...Cities Service "MILEMASTER"... at regular price... will break records for you in economy and performance.

Cities Service "MILEMASTER" will make your gasolene dollar buy far more power, much more pick-up... much higher octane for knock-free hill climbing!

This new gasolene is stepped up in everything but price. It's still regular price.

With Cities Service "MILEMASTER," owners of standard compression cars—and that's the big majority—will enjoy the most and smoothest miles per gasolene dollar.

One of these 3 new gasolenes is perfect for your car!

Receivers Will Report On O&W Monday, Feb. 18

New York, Feb. 15 (AP)—The bankrupt New York, Ontario & Western Railroad apparently has a new 60-day lease on life in the opinion of a federal judge.

Judge Sylvester J. Ryan made the comment after being informed that \$201,910 had been raised toward a \$250,000 fund needed to keep the freight railroad running for another two months.

Collection of the money was reported in court yesterday by one of the NY&W's receivers, James B. Kilsheimer III.

The judge then said, "it looks like the bankrupt New York, Ontario & Western Railway may last 60 days."

He added, however: "The picture will be much clearer next Monday, when the receivers make their first report to me."

The report on operations of the railroad is scheduled to be made at 2 p. m. Monday by Kilsheimer and the other receiver, Jacob Grumet, both of whom were appointed by the judge.

Beck Is Willing

Vienna, Austria, Feb. 15 (AP)—Dave Beck, president of the powerful International Brotherhood of Teamsters, said today "I have made a heluva lot of money" but that he has no objections to an investigation of his income by the U. S. Senate. "The U. S. Senate can investigate my personal income any time they want to—now or for the last 40 years—so long as they do it legally and without trying to play politics and in concert with what my attorneys advise me," he declared.

Mrs. Charlotte M. Crawford, 73, died Thursday at Shelby Nursing Home, Fishkill. She was born in Ellenville Dec. 18, 1883, a daughter of William and Matilda Storm Eck. She was married Oct. 15, 1903 at Walden to James Harvey Crawford who died in 1954. Mrs. Crawford was a member of Christ Lutheran Church, Ellenville, the Ladies Aid Society of the church and had been a life-long resident of Ellenville until about six months ago. She lived at 278 Canal street. Surviving are a son, Donald of Wappingers Falls; two sisters, Mrs. Charles Tears of Walden and Mrs. Charles Mitchell of St. Petersburg, Fla.; also, nieces and nephews. The funeral will be held from Louck's Funeral Home, 79 North Main street, Ellenville Saturday at 1 p. m. The Rev. George E. Poppidan, pastor Christ Lutheran Church will officiate. Burial will be in Wallkill Valley Cemetery, Walden.

Mrs. Mary M. Phelan

The funeral of Mrs. Mary M. Phelan, widow of James A. Phelan, was held from her late residence, 161 North Manor avenue, Thursday at 9:30 a. m., thence to St. Joseph's Church where at 10 a. m. a high Mass of requiem was offered for the repose of her soul by the Rt. Rev. Msgr. Stephen P. Connelly. Responses to the Mass were sung by the children's choir under the direction of Mrs. Frank Rafferty, organist. The large number of friends who assisted at the requiem as well as the many who called at the home attested to the esteem in which Mrs. Phelan was held by all who knew her. The casket was banked with many beautiful floral tributes. Wednesday evening Monsignor Connelly, and the Revs. James V. Keating and Alfred P. Glancy led the assembled friends in the recitation of the Rosary. The Rt. Rev. Msgr. Martin J. Drury, PRVF and the Rev. William J. McVey also called. Burial was in St. Mary's Cemetery where Father Keating gave the final blessing. Bearers were Lemuel Howard, Bernard Fowler, Francis Fagan and Charles Hoehing.

Committee Votes Cuts in Outlay Asked by Ike

Washington, Feb. 15 (AP)—The House Appropriations Committee made a slight dent today in President Eisenhower's budget which calls for new appropriations of \$73,300,000,000.

The committee recommended that the Treasury Department be given \$22,364,000 less than the \$713,831,000 requested, and the Post Office Department 58 millions less than the \$3 1/2 billions it wanted. The group said the tax court should have the entire \$1,460,000 it sought.

Reduction Slight
The over-all cut of \$80,364,000 amounted to a reduction of slightly more than 2 per cent below Eisenhower's requests to run these agencies in the 1958 fiscal year beginning July 1.

The recommended total of \$3,884,927,000 is \$250,625,150 more than the same agencies were given for the present fiscal year. However, most of the increase stemmed from legal requirements such as additional federal employee pay and other benefits voted recently by Congress.

Eisenhower's budget calls for the spending of \$71,807,000,000 during the next fiscal year. He asked, however, for \$73,300,000,000 in new appropriations, some of which would not actually be spent until succeeding years.

Treasury-Post Office bill was the first of the regular appropriations measures for the coming bookkeeping year to be acted upon by the House committee.

Ink Spots
The U. S. Department of Agriculture says that the old-time milk treatment for ink spots is not good. The safest spot on washable fabrics (except spots from ball point pens) is to soak the fabric in cool water for 30 minutes or overnight, then rub it with soap or detergent and wash in warm suds. If a stain remains, a chlorine bleach may be used, on all fabrics except wool, silk, Vicara and those with special finishes. Sodium perborate may be used as a finish instead.

Matter of Degree
Dayton, Ohio (AP)—The Dayton Daily News used its front page to report a 7-year-old's answer to the query:

"Does your puppy bite?"
"No," said the tot, seriously. "He just kisses hard."

More Mental

Board and the Welfare Department and treatment be given by qualified specialists who might be employed on a retainer basis for this type of work.

Suggests More Study

Dr. Gorman suggested a further study and a possible trial basis for the plan.

Dr. Vincent P. Amatrano and Dr. Anthony L. Maurer also addressed the board in opposition. Dr. Amatrano said in his opinion the statement that one out of every 12 persons, and now it was being said one out of every six persons, would require some kind of treatment for mental disturbance at some period of their life, was exaggerated.

Dr. Amatrano suggested further study of the problem and said in his opinion it was not difficult to see "where the trouble lies" and he said much of the apparent mental disturbance in children was due to home life. Two many parents were "working, bowling, off to meetings" and paying too little attention to their children. Lack of home life was responsible for much of the mental disturbance of children as observed in school and by the family physician.

Not Much Help, He Says
"I don't see where this setup will help much, it may be of some aid, but until the home life is corrected the problem will not be solved," Dr. Amatrano told the board. He too suggested treatment by the family physician and if needed, treatment on a private basis could be augmented where required by welfare aid.

In closing he asked the board whether they felt the cost might not be "out of proportion to the benefit." He said cost had been placed at sums ranging from \$20,000 to \$90,000 a year. He said he would favor a mental health program at a reasonable cost if it were shown the program produced results.

Wouldn't Seek Help
Dr. Anthony J. Maurer said mental cases could be placed in two categories, "ambulatory" and those who needed institution care. Ambulatory cases could be treated by the family physician in many cases or referred to another physician qualified to treat mental cases. Those who required institution care would have to seek treatment in institutions under any program. He said he did not see the need for a mental clinic and an opinion was expressed that aid through a local clinic would not be widely sought.

Howard Fox of the 12th ward, who spoke in opposition to a mental health board at the public hearing conducted some time ago on adoption of a Local Law to permit naming a mental health board, spoke again in opposition. He urged the board of supervisors to further investigate the problem before acting. He urged the mental health program be investigated thoroughly "before you buy it," and referred to propaganda being distributed for "mental health and world citizenship."

Would Be Careful
He warned against affiliation with state and national groups, saying that there was "communist" aspects to the proposal and he again referred to the activities of UNESCO, which he said had been condemned by the American Legion as being "a subversive organization."

The type of organizations backing mental health, Fox said, and he urged the board to further investigate and proceed very carefully.

Preliminary, He Says
Supervisor Peter Williams (R) of Saugerties, chairman of the mental health committee, called attention to the fact that no appropriation was being made, approval of a local law was only a preliminary step which made possible a mental health board and that it set up no program. The mental health board would, after its authorization and appointment, set up a program which would be submitted to the board of supervisors and then action would be in order to set up a program and provide financial means, or to reject the program. Final action will be taken by the board of supervisors on the mental health board's recommendations.

Supervisor Martin (R) of the 12th ward suggested a poll be taken of the doctors of the county to ascertain sentiment.

Supervisor Gaffney (D) Lloyd, opposed the suggestion, saying no group should be singled out by a poll. A public hearing had been held and sentiment had been overwhelming for the mental

health program, and the committee took the matter under advisement "as presented."

Several others spoke in opposition to a mental health board and Dr. Gorman suggested the program might be tried out on a "humble basis in the county" working through existing qualified men who might be placed on a retainer basis to aid needy where private funds were not available.

Just a Means, Williams

Supervisor Williams stated the board was not adopting a mental health program, the local law only provided the means of naming a board and that was conditioned on the city of Kingston approving the program.

The board then unanimously voted passage of Local Law No. 1 of 1957 which authorizes appointment of a mental health board.

Among those who spoke last night at the city hall hearing were George Johnson, head of the Ulster County Council of Social Agencies, Dr. Frederic W. Holcomb, principal of School No. 7, the Rev. Edward I. Farrelly, of St. Mary's Church, Rabbi Herbert I. Bloom, Temple Emanuel, Frank Rebollo, of the YMCA, Raymond H. VanValkenburgh, principal of School No. 4, representatives of Parent-Teacher Associations, religious, fraternal and social groups. The Kiwanis Club and the 50 Club, had spokesmen at the session.

Thomas Worsley, of the Boulevard, the only one speaking against the proposal, said he objected because if the county is to have such a program, it should provide to take care without cost of those who could afford to pay, as well as those unable to pay for mental health services.

The local law, which authorizes city participation in the program, was introduced at a recent Common Council meeting, and under provisions of the city charter, the mayor must hold a public hearing before final approval of a local law.

Plane Turns Back
San Francisco, Feb. 15 (AP)—A Pan American World Airways plane turned back to San Francisco early today when engine trouble developed 3 1/2 hours after take-off on a flight to Honolulu. Soon after turning back, Capt. Kinkel radioed that the trouble was under complete control and the No. 2 engine was delivering almost full power. The plane—Flight 853, which left here at 11 o'clock last night—carried 38 passengers and a crew of seven.

73 Die in Violence
Algiers, Feb. 15 (AP)—Seventy-three persons were killed and four were wounded in the last 24 hours in violence connected with the Algerian Nationalist rebellion against French rule. The French said their forces wiped out 60 rebels in mountain fighting. Three Europeans were murdered in the Algiers region, a farmer was killed near Guelma, and the throats of seven Algerians were slit near Constantine in eastern Algeria.

World News in Brief

War Threat Cited

Cairo, Feb. 15 (AP)—Informed sources said today U. S. Ambassador Raymond Hare has told President Nasser the United States is still insisting on unconditional Israeli withdrawal from the Gulf of Aqaba and Gaza areas.

He told him the reported two-point proposals by Secretary of State Dulles represent nothing new in American policy, the informants said.

As Dulles' proposals are reported in the press here, however, they appear to represent a compromise by the Americans which the Cairo press and officials have called "rewarding Israeli aggression."

The government-backed newspaper Al-Gumhuriya warned that the Aqaba issue "may lead to World War 3."

Response Favorable

Washington, Feb. 15 (AP)—Israel has sent what embassy officials call a "generally favorable" response to Secretary of State Dulles' offer aimed at getting Israeli troops out of Egypt, but has

South Keeps Loser to Win

By OSWALD JACOBY

Written for NEA Service
Today's hand is taken from George S. Coffin's interesting book, "Sure Tricks." If you want to get the most enjoyment from it look at the bidding and the North-South hands only.

West opens the king of diamonds and East discards the deuce of spades. Your problem is to work out a line of play that will enable you to make your three no-trump contract against any division of spades, hearts and clubs. You know that West started with all four missing diamonds.

The solution to the problem is that you must play any diamond except the six spot. The best defense will be for West to continue to lead high diamonds. You must hang on to that six and continue to play high diamonds yourself.

At trick four West will lead the diamond seven and now you see why it was important to hang on to that little six. You play it this time and West wins his fourth trick but is still in the lead.

Now, whatever West leads you will be able to get into dummy to discard your losers on dummies.

my high spades and make the remaining nine tricks.

Suppose that you are careless enough to drop the six of diamonds at trick one. You win the fourth diamond trick and can only make your contract by leading the ace and a low heart. This will throw West in with no way to get out successfully, but you will have made your contract by clairvoyance instead of Mr. Coffin's method of "Sure Tricks."

BABSON on BUSINESS

Babson Park, Mass., Feb. 15—I am concerned about the fate of the independent retailer in today's highly competitive markets. He is not keeping pace with the chain store operators who spend large sums of money on new equipment, new lighting, intensive advertising and promotion.

Independent merchants must pay as much as the large chain operators for advertising space in newspapers and magazines. Often they must pay more proportionately for goods they stock because they cannot buy in such large quantities as the chains. Also, independent retailers are faced with increasing demands for higher employee wages and greater fringe benefits after these concessions are obtained initially by employees of big stores. Too many independent retailers have already succumbed to these pressures.

These chains have helped mightily, however, in bringing down the total cost of distribution. Their savings in buying, in window dressing and display, they share with their customers. They have made and are making a great contribution to the betterment of the American way of life.

THE INDEPENDENT merchant who prefers waiting on customers to waiting for his turn at golf has little to worry about. There always will be a demand for this personal attention on the part of certain customers. They are willing to pay for this personal attention as well as for credit and delivery. Of course, the independent merchant must be willing to advertise and secure a good location with plenty of show windows, always kept attractive. To believe, however, that he is destined to be pushed out of business by department stores or chain stores or mail order houses is a mistaken idea. Retailers can further be helped by the plans of the United Information Service, with headquarters at 6 Maiden Lane, New York City.

This service enables consumers to learn quickly (any time between 6 a. m. and midnight) where they can get any desired merchandise. This shortens the time between the consumer's reading of an advertisement and his getting into a retail store. Cutting this time in half has the effect of doubling retail sales. Furthermore, it enables a group of merchants to save the expense of keeping open evenings by co-operating to concentrate evening inquiries through one channel.

try to a position of world power and the simultaneous expansion of our industrial economy give ample evidence that we can produce above and beyond our needs. The war needs of ourselves and our allies provided a challenge in production. Wealth in abundance, in the form of goods and services, we have learned to produce.

However, we have been practically standing still in distribution, except for the development of the chain "5 and 10" variety stores, the chain supermarkets, and the chain drug stores. There, however, is much more to be done.

In addition to making plans for easier and cheaper movement of our production into our own domestic consumer channels, I forecast that we will also take steps to sell more American-made products abroad. These products are urgently needed in many parts of the world where disease is rampant because of food and other deficiencies.

However, no plan has yet succeeded which would make surplus in some nations available to needy people in other nations, without upsetting the economic balance between individual countries.

tries or groups of countries... We must help solve the problem of the growing imbalance between the "have" and the "have-not" nations. Communism has made great strides in Europe, Asia, and Africa largely because Soviet leaders have been so successful in pointing to the "selfish and wasteful" living standards in the U. S. American movies shown abroad are largely responsible for this. Positive steps toward solving the problem of international distribution would thereby remove the greatest grievance upon which communism feeds.

TWIN TRACTION...
a Studebaker-Packard FIRST
so good other cars will copy it

WHAT IS IT? Twin-Traction Differential gives you new pavement-gripping traction and new safe control impossible with conventional differentials. The secret lies in the fact that the Twin-Traction Differential delivers the major part of the engine's power to the rear wheel with the best traction—instead of the wheel with the poorest traction (as in a conventional differential). The result—roadability that's better in six important ways:

1. In ice, snow or mud, Twin Traction gets you out of spots where cars with conventional differentials would "spin their wheels."
2. In highway driving, it protects against skids that might otherwise occur when one rear wheel hits a slippery spot.
3. On sharp turns, it improves roadability by applying the major driving force to the inside rear wheel. This also tends to compensate for over-steering.

4. On rough or washboard roads, it reduces the rear-end bounce, sideway or swerve which results from a fast-spinning wheel suddenly hitting the pavement again.
5. When one rear wheel goes off the pavement onto a soft shoulder, Twin Traction directs the driving force to the other rear wheel, assuring safe, positive control.
6. In ordinary driving, Twin Traction cuts tire wear by assuring more positive traction.

Test it, yourself, today. See your

An old fogey is anybody who likes music that makes you tap your foot instead of the kind that makes you jump up and down.

In Arkansas, where many of the natives take life easy, a man and his wife were one day sitting on the porch when a funeral procession passed the house. The man was seated in a

chair which was tilted back on its hind legs against the side of the house, and he was engaged in whittling a piece of wood. As the procession proceeded, he said:

Josh—I reckon ole man Perkins havin' about the biggest funeral that's ever been held around here, Samantha.

Samantha—A purty good-sized one, is it, Josh?

Josh—You betcher!

Samantha—I certainly would like to see it. It's a shame I ain't facin' that way.

Hall Says Program Of Eisenhower to Keep GOP Ahead

Utica, N. Y., Feb. 15 (AP)—Leonard W. Hall, former Republican national chairman, says the Republican program was a factor in President Eisenhower's election victory.

Hall told a Lincoln Day dinner here last night that the Eisenhower landslide should not be attributed alone to the President's popularity.

The former Oyster Bay surrogate and congressman, believed by some Republicans to be starting early on a quest for the New York governorship in 1958, spoke at a \$25-a-plate dinner sponsored by the Oneida County Republican Committee. It was his third appearance in the state in two days.

Hall contended that Democrats who foresaw a 1960 presidential victory for their party because Eisenhower will not run again were "going to be disappointed." He added:

"What they forget is that the Eisenhower program will continue because it is the Republican program. It was spelled out in the party's platform adopted in San Francisco last August."

Hall, who spoke in Binghamton Wednesday night and Ithaca earlier yesterday, said the President was "one of the most dearly beloved men America has known." He continued:

"But no man could have been reelected by the tremendous vote the President received unless the people believed—completely and fervently—that the program he offered and the record he chalked up in his first four years were good for America."

"Sure, the voter said, 'I like Ike.' But he also said, 'I like Ike's program too.'"

Two Local School Papers Going to National Contest

Miss Hazel M. Steed, executive secretary of the TB and Health Association, 74 John street, announced that two school papers from Ulster county were among the nine papers in New York state selected for entry in the national judging contest of the 20th annual school press project.

Lefkowitz said yesterday that a bill introduced at his request would wipe out the governor's power to fill the two elective offices by appointment if they should become vacant while the Legislature was not in session.

Lefkowitz' bill was prompted by the situation that existed after former Atty. Gen. Jacob K. Javits, a Republican, was elected to the U. S. Senate last November. Javits delayed his resignation from the state post until the Legislature met Jan. 9. It chose Lefkowitz.

Harriman could have appointed a Democrat if Javits had resigned in time to take his seat when the Senate convened Jan. 3.

Under the bill sponsored by Sen. Frank S. McCullough (R-Rye) and Assemblyman J. Eugene Goddard (R-Rochester), if the Legislature were not in session the duties of the vacant office would be performed by deputies until it convened.

Vessels Collide

Amsterdam, Feb. 15 (AP)—A Liberian tanker carrying American oil to western Europe and a German steamship collided today eight miles west of the Hook of Holland. One man was missing from the crew of the tanker, the 18,500-ton North Monarch. The German ship, the 2,384-ton Tilly Boege of Hamburg, was badly damaged on the port side of the waterline. Fire broke out aboard the North Monarch but the crew put it out with the ship's firefighting equipment.

Asks Exclusive Power on Posts Go to Legislature

Albany, N. Y., Feb. 15 (AP)—Atty. Gen. Louis J. Lefkowitz, a Republican, has asked that the Legislature be given exclusive power to fill vacancies in the offices of Attorney General and Comptroller.

The Legislature is controlled by the Republicans. It is doubtful that Gov. Harriman, a Democrat, would approve any such measure.

Lefkowitz said yesterday that a bill introduced at his request would wipe out the governor's power to fill the two elective offices by appointment if they should become vacant while the Legislature was not in session.

Lefkowitz' bill was prompted by the situation that existed after former Atty. Gen. Jacob K. Javits, a Republican, was elected to the U. S. Senate last November. Javits delayed his resignation from the state post until the Legislature met Jan. 9. It chose Lefkowitz.

State Rec Group To Hold Annual Parley in April

Albany, Feb. 15 — The New York State Recreation Society will sponsor the 36th Annual New York State Recreation Conference at the Sheraton Ten Eyck Hotel in Albany, April 28 through May 1, according to Sidney G. Lutzin of Albany, president.

Approximately 350 recreation leaders from all sections of the state participate in this annual conference. Outstanding state and national leaders will participate in the various sessions.

James R. Crugnale of Albany, president of the Capitol District Recreation Society, will serve as general chairman of the conference. Associate chairmen are Louis P. Rocco of the Hudson Youth Bureau and Daniel Reardon of Glens Falls, vice president of the State Recreation Society.

The program committee is headed by Richard Westgate, district representative of the National Recreation Association and Willard B. Stone, director of recreation for the New York State Youth Commission.

Matthew M. Dolan, director of recreation at Pelham is in charge of exhibits and advertising.

Briefly Told

Syracuse, N. Y., Feb. 15 (AP)—An armed man changed his mind about robbing the Beneficial Finance Co. office in suburban Liverpool yesterday when he saw a strongbox contained only about \$8, police said.

T. Donald Wallbridge, office manager, told authorities he took the box from the safe when the intruder pulled a gun from a brief case yesterday afternoon. When the man saw the contents, he slammed it shut and stormed out the door.

Bradford, Pa., Feb. 15 (AP)—Mrs. Doris Sill, wife of the secretary-manager of the Bradford Area Chamber of Commerce died of a heart attack at her home yesterday. She was 48.

Her husband, Raymond D. Sill, is a former managing editor of the Bradford Era. Other survivors include a brother, Harold E. English of Dunkirk, N. Y.

New York, Feb. 15 (AP)—Beech-Nut Life Savers Inc. yesterday announced the election of Edward J. Jordan as president. Jordan, formerly executive vice president, succeeds J. Stafford Ellithorp Jr., who has been appointed vice chairman of the executive committee.

The vice president and director of advertising, Gordon C. Young, was elected to the board.

Albany, N. Y., Feb. 15 (AP)—The State Public Welfare Assn. has come out against proposed legislation that would set up a requirement of two years residence in the welfare district for welfare recipients.

The 400 delegates to the group's mid-winter meeting voted yesterday on the measure proposed by Sen. John H. Cooke and Assemblyman Julius Volkier, Erie county Republicans.

The association ends the two-day meeting today.

Hoosick Falls, N. Y., Feb. 15 (AP)—Walter H. Warren, mayor of this Rensselaer county village from 1947-51, died last night at his home in neighboring North Hoosick after a long illness. He was 48.

Warren, a native of Bennington, Vt., served in the navy during World War 2.

Albany, N. Y., Feb. 15 (AP)—Gov. Harriman yesterday proclaimed Feb. 17-23 as Architects' Week in New York state in observance of the 100th anniversary of the founding of the American Institute of Architects.

Tasmania, an island off Australia, has its most important crop in wool. Second crop is apples, started by a British sailor who planted some apple trees there in 1788.

Women in Business Stay Younger, Says Feminine Bank President in New Jersey

By DOROTHY ROE
Associated Press Women's Editor

Women in business have more fun, stay younger and look better than women who stay at home, in the opinion of Mary G. Roebeling, America's first woman bank president.

Mrs. Roebeling is a tall redhead with a model's figure and a strictly feminine interest in clothes, despite the fact that she has two grown children, four grandchildren and has just celebrated her 20th anniversary as president of the Trenton, N. J., Trust Co.

She does a full justice to a Dior evening gown or a Dache hat, loves to go to parties and puts in a business day that would floor most male executives. In addition to her banking duties she is a director of at least 20 corporations and organizations, and is chairman of the board of several of these.

"I wouldn't have missed a minute of it," says she. "The more things I have to do, the happier I am. If I were caught with nothing to do for a whole evening, I'd hate it."

Mrs. Roebeling took over the job as president of the Trenton Trust Co. after the death of her husband, Siegfried Roebeling, during the depth of the depression. She has increased the bank's assets from 17 to 70 million, with no mergers.

When she stepped into the banking business her son was a year and a half old and her daughter still in the kindergarten set. Yet, with the help of her parents, she has managed to have a

full and active family life in addition to her hectic public schedule. Chatting over a luncheon table, she says:

"I have to be at a directors' meeting at 4, then I'm giving a party for my grandchildren at 5:30, and at 7:30 I'll be dressed and ready to go out to cocktails and a dinner party. It's easy when you stick to a schedule."

Looking around the smart luncheon crowd, she remarks: "Now you can tell that those women at the next table are wives, with no interests or activities outside their homes. They're used to having somebody else take care of them and make their decisions. It shows."

This glamorous banker is not a feminist, and she does not attempt to issue advice to other women, she says.

"I've always thought it was silly to say women were superior to men and vice versa. I think some women are superior to men, just as some men are smarter than some women. It's all a matter of the individual, man or woman."

"I don't believe all women should go into business or a profession, but I do believe they should be educated so that they are prepared to earn a living if necessary, or if they so desire."

"I still maintain that the greatest career in the world is being a full-time job."

"This I can say with conviction—if circumstances and ability permit, I believe the woman who keeps busy, active and interested in many things has a happier, richer life than the one whose interests are limited by the four walls of her home."

Saugerties Girl, Zane Lauva Gets High Honor Award

Zane Lauva, valedictorian of the graduating class of Saugerties High School, has been given the annual award of The Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community, it was announced today by Dr. Grant D. Morse, superintendent of schools.

Miss Lauva will receive an honorary subscription to The Reader's Digest for one year and an engraved certificate from the editors, "in recognition of past accomplishment and in anticipation of unusual achievement to come."

The Reader's Digest Association has presented these awards yearly in senior high schools throughout the United States and Canada to the highest honor student of the graduating class.

The award to Miss Lauva, daughter of Mrs. Maria Lauva, Jane street, Saugerties, was made possible through the cooperation of Dr. Morse and his teaching staff. They selected Miss Lauva to receive the award, designed to stimulate scholarship, citizenship, and continued contact with good reading after graduation.

Miss Lauva was the winner of the Miss Loyalty contest conducted by Saugerties Memorial Post 5034, VFW last year. The designation was made in conjunction with her winning of the annual essay contest held as a feature of the Loyalty Day program of the VFW.

Double Bachelor Dinner

Dear Mrs. Post: Two very close friends of mine are going to be married shortly — within three weeks of each other. I am to be best man for both. It is customary in this community for the best man to give a bachelor dinner for the bridegroom. Since the prospective grooms are also close friends and the majority of their friends are mutual, I am wondering if it would be proper to give a double bachelor party for them.

Answer: In almost all communities it is the bridegroom who gives the bachelor dinner for his ushers, best man and sometimes additional men friends. But since you say it is customary in your community for the best man to give the bachelor dinner, I see no reason why you may not give one party for both young men.

Take or Send Present?

Dear Mrs. Post: Will you please tell me if it is more correct to have a wedding gift sent from the store or delivered personally? This is a subject of controversy and I will appreciate your opinion on it.

Answer: For most people it is more convenient to have the present sent from the store, but it is equally proper, if you live nearby, to take it to the house and give it to the bride personally.

Federation Stalls Threatened Bolt by Upper Esopus Club

King Urges Reconsideration At Meeting Slated March 13

A threatened bolt from the Federation Sportsmen's Clubs of Ulster county by the Upper Esopus Fish and Game Club was temporarily forestalled last night at the monthly meeting of the Federation at Saugerties. The action to delay a final decision came after George Miller Jr. had jolted the jam-packed meeting with a statement that Upper Esopus had voted to withdraw from the Federation at their last meeting. Carlton B. King, Federation president, asked Miller to urge the Esopus Club to hold up with-

drawal until the matter could be investigated further by the Federation.

King appointed a committee to attend the next meeting of Upper Esopus on March 13. Five member clubs — High Woods, Saugerties, Phoenicia, Marlboro and Wittenberg — promised to send representatives. A motion from the floor also authorized the Federation to invite officials of the Conservation Department to the meeting.

Cites Esopus Position

In citing reasons for the Upper Esopus action, Miller pointed out that his section was mainly deer hunting and trout territory. His club, he said, was unalterably opposed to an open doe

season and the area would suffer most from the killing of does. "We don't want them coming into our section and killing off the does," said Miller.

Miller also charged discrimination between the upper and lower sections of the Federation and said Upper Esopus felt it was not getting the trout it was entitled to for replenishing the fish volume in the Esopus creek. The Esopus, he added, has been steadily deteriorating. He also blamed the Federation for not getting greater trout allotments and distribution from the State Conservation Department.

W. Burt Pettenger, president of the Saugerties club announced that his organization had taken a direct mail poll of all Federation member clubs "in order to get a true picture of the wants of the sportsmen of Ulster county in regard to the antlerless deer season."

Pettenger reported that nine out of the 12 ballots returned opposed an antlerless deer season for Ulster county. Only three clubs thus far voted for the open doe season, he said.

There are 34 member clubs, 24 were represented at the meeting.

Change at Wawarsing

Vernon Kelder of the Wawarsing Sportsmen's Club announced that his club had reconsidered the previous vote of the club for a doe season and at a recent meeting his club voted against any kind of antlerless deer season. He said his club had not sent a ballot into Saugerties for the unofficial poll. After seeking Kelder's permission Pettenger added the Wawarsing vote to the tally making the total reported 10 out of 13 deer still only three clubs voting for a doe season. Kelder said his club had sent letters to the State Senator and Assemblyman seeking their support opposing an antlerless deer season.

All Hall, district game manager who attended with Bob Ohlman, also of the Conservation Dept. offered a chart with calculated deer kill figures. He trades figures with Pettenger, who was using the actual deer kill figures published in the New York State Conservationist, official publication of the Conservation Department.

Pettenger pointed out that the buck deer kill had decreased percentage-wise in counties where a doe season was experienced. Hall indicated that his figures of the calculated or estimated deer kill did not bear out the Saugerties Club's contention. Hall explained that the calculated figures were used by him in order to allow for the number of unreported deer killed.

Deer Figures Cited

It was brought out in the discussion that Hall's figures showing a great deer kill in many counties included both buck and does killed while figures presented by Pettenger only showed bucks taken.

S. James Matthews, the Federation's representative to the Conservation Council reported that legislation on the doe season will be discussed Wednesday. He announced that a public hearing on Conservation legislation will be held in the Assembly chamber, Capitol, Albany on Wednesday, Feb. 20 at 2 p. m. At this time Assembly bill 1365 which seeks to strike out the provision that no open season for taking antlerless deer shall be fixed in Washington, Columbia, Putnam, Sullivan and Ulster counties, will be discussed. Also to be presented at the hearing is the companion bill Assembly 1366 and Senate 1096, to change open season for taking deer and bear and to provide statewide antlerless deer day on the last day of the season.

He said these bills will also be discussed Saturday at 10 a. m. in Gov. Clinton Hotel, Representatives of 14 counties in the lower half of the state are expected to attend.

On Permit Basis Only

Russ Carpenter of Plattkill Rod and Gun Club offered a resolution reaffirming the stand of the Federation that they approved an antlerless deer season only on a permit basis. After considerable discussion and many attempts by the Saugerties Club to get another vote by the Federation on the antlerless deer question, the resolution was approved 19 to 2.

Plutarch Sportsmen's Club new membership is to be voted on at the next meeting at Wawarsing Thursday, March 14 at 8 p. m.

Action on a resolution to change the by-laws of the Federation was held in abeyance until the next meeting. The proposed resolution would permit only officers and two elected delegates of member clubs to vote at Federation meetings. The tabling actions was taken in order to give all member clubs time to bring the resolution before their membership.

Pistol Permit Report

Carpenter, pistol permit chairman reported some progress under the present set up of sportsmen seeking pistol permits for use in the field. Following discussion his committee was authorized to set up a list of recommendations regarding regulations for the issuance of pistol permits, which the committee will present to Judge Louis Bruhn following approval by the Federation of the recommendations.

In a report offered by President King the Federation showed concern about the possibility of a proposed development of a ski center in Venison valley which

Saugerties High used obvious good sense in committing its athletic future to the Dutchess County Scholastic League, rather than the DUSO.

If the Sawyers were getting too big for the Ulster County Athletic League, they were still short of DUSO League football standards and it might have taken two or three years for adjustment.

Other factors weighed heavily in the Sawyer action. The distances between Saugerties and Port Jervis, for instance. The complete lack of geographical affinity with several of the DUSO schools.

Completion of the Kingston-Rhinecliff bridge puts Saugerties within neighborly distance of its new Dutchess county rivals.

Next fall, the Sawyers bust out with an eight-game schedule against Arlington, Roosevelt, Wappingers Falls, Beacon in the DCSL; Red Hook, Port Jervis and Liberty in non-conference contests. Playing Port Jervis in football is one thing. It's something else to make those basketball trips in the dead of winter.

Obviously, the West Shore League (a tri-partite affair between Saugerties, Highland and Liberty) is no more. Meanwhile, the UCL is looking ahead to its 11-man football schedule. Time marches on.

Flotsam and Jetsam

Michael (Sparks) Greco, who finances the Tony's Pizzeria bids for bowling prominence, says he likes his sports columns brief and breezy. So, we have to ask Sparks, what's the latest in the winter book odds on the finish of the Hudson Valley League scramble four weeks hence. . . . A reader writes: "I read with interest your comments about high school rubeisms and officiating, but didn't you overlook one important item? Don't the coaches have the responsibility of setting the pattern for good behavior. Or must they jump up and howl and rant every time they think an official has made a poor call?"

Doesn't this kind of behavior incite players and crowds to show their worst sides?" The gentleman obviously has something. . . . Another batch of "greatest Giant fans" inadvertently omitted: Tom Amato, Charlie Manfro, Mike Provenzano, John Brophy, Herb Van Deusen and Jack Dawkins.

Of Men and Mice:

Is it true that one of our hotshot bowling teams is boycotting the city and state tournaments because they don't like the way the proprietors part their hair? . . . Stan Dean, Otisville High coach, and John Colegrove, are leading candidates for Monticello High coaching jobs. Dean is rumored going to the mountains as athletic director succeeding the late Ken Somerville. Colegrove has filed application for the head basketball job. . . . Albany High leads the capital district's Class A basketball league with a 6-0 record. One-nighty Mont Pleasant is third with a 3-3 record. The Red Raiders haven't been the same since Sig Makofski retired to his pipe and slippers. . . . Bob Pettit of the St. Louis Hawks, who threatens to make a shambles of George Mikan's NBA scoring record, has averaged 30 points a game since the All Star break. With 18 games remaining, Pettit needs to score only 405 (an average of 22.5) to surpass Mikan's seasonal high of 1932 points. Holes-in-one are not quite the sports rarity with which average golfers view them as they tee up and eye a distant green. A total of 2,802 aces were recorded in 1956, an increase of 11 over 1955.

Boxing in the Atomic Age:

If the old timers in the audience felt like stretching while lightweight "champion" Joe Brown and Wallace (Bud) Smith were going through their dreary routine Wednesday night, could you blame them? This dazzling \$23,081 crowd was viewing the survivors of what was once the second proudest division in boxing—topped only by the heavyweights. This was the division of Benny Leonard, Beau Jack, Joe Gans, Henry Armstrong, Sammy Mandell, Lou Ambers, Tony Canzoneri, Willie Ritchie, Leonard and Tendler, the Philadelphia southpaw ace, drew a gross gate of \$452,648 in their first meeting in 1921. A year later fans at Boyle's 30 Acres in Jersey City paid \$367,862 for the encore. How dreary is modern boxing!

Kell Quits After 1957

Memphis, Tenn., Feb. 15 (AP)—Infielder George Kell, who needs only 38 more major league hits to reach the 2,000 mark, said today he plans to retire from baseball after this year.

The Baltimore Oriole third baseman said he figures he's good for that 2,000th hit and "at least" 125 games this season. But after that, he said he "definitely" will retire to give full time to his Swifton, Ark., insurance business.

Kell, who had 1,962 hits in 13 major league seasons, hit .271 last year. His lifetime batting average is .306.

Expect Sixth Team for New Baseball League

Proponents of the Hudson Valley League said today they expected representation from Ossining at their organizational meeting Sunday, Feb. 24, at the Hotel Newburgh.

Six teams were represented at the first meeting—January 27—including Staatsburg, Beacon, Poughkeepsie, Saugerties, Spring Valley and Newburgh.

Poughkeepsie has since stated it would remain in the New York-New Jersey League. Saugerties has not yet made a final decision.

Nine High School Games in Area

Nine games are scheduled tonight in area scholastic basketball play.

Four are in the DUSO League and three in the UCL. The remaining night is a non-league affair and it matches Saugerties High against homestanding Catskill.

The top DUSO game is here at the field house where league-leading Newburgh (10-2) opposes the Maroon (5-7). Other games are Port Jervis (9-2) at Middletown (5-6), Monticello (1-11) at Ellenville (6-6) and Liberty (6-5) at Poughkeepsie (9-2).

The top attraction in the UCL is at Kerhonkson where third place Oneonta (8-2) faces runnerup Rondout Valley (7-1). Wallkill (2-7) is at Marlboro (3-5) and Highland (2-6) at New Paltz (0-8).

North Carolina Driver Gets No. 1 Post for NASCAR

Daytona Beach, Fla., Feb. 14 (AP)—Banjo Matthews, a stock-car driver from Asheville, N. C., today drove a blazing 134.328 miles an hour to top qualifiers and win the pole position for the National Association for Stock Car Auto Racing grand national championship.

The 160-mile event will be held Sunday. Matthews drove a 1957 Pontiac.

Jack Smith of Atlanta, behind the wheel of a Chevrolet, was clocked in the second best time of 133.136 m.p.h.

Chicago, Feb. 15 (AP)—Gale Wade, speedy 27-year-old outfielder who twice flunked trials with the Chicago Cubs, today became the club's 32nd player to be signed for 1957.

Waterbury and Oneonta Next On New Paltz Hawks' Slate

Hoping to improve their 5-5 rating for the season, New Paltz State Teachers College plays Waterbury Teachers (Conn.) tonight and Oneonta State Saturday at the Ulster gym.

Coach Charles Wolbers' cagers have the revenge motive going in each game. Waterbury defeated the Hawks, 82-66, and Oneonta won the opener between the teams, 81-75.

Haber, Bondar Play

The Hawks hope to boost their seasonal rating to 7-5, but both opponents pose serious problems. Oneonta will have two former Kingston High School stars, Bob Bondar and Bill Haber, in its lineup.

The Hawks, who started strongly this season, then sagged in the middle, appear to be headed toward early season obsolescence.

An all-time scoring record was set by the team last Saturday night against Drew (New Jersey) University as the Hawks won 112 to 86. The previous high score was 104 points against Waterbury College during the 1955-56 season.

With ten games played out of the sixteen games scheduled, New Paltz has an average of 74.9 points per game while the opposing teams' average is 73.4.

Webb 12-5 Pick Over Neal Rivers

New York, Feb. 15 (AP)—Ellsworth (Spider) Webb and muscular Neal Rivers, a couple of well travelled middleweight title contenders, make their Madison Square Garden debut tonight with the streaking Spider a 12-5 favorite.

Webb, now a Chicago resident, puts a winning streak of 17 as well as his No. 4 ranking on the line against the hard-hitting youngster from Las Vegas. The 22-year old Rivers is ranked eighth among the challengers for Gene Fullmer's 160-pound crown.

The 10-rounder will be broadcast and telecast (NBC, 10 p. m., EST), coast to coast.

That transition from the Ferraro Bowlodrome to the new Bowlerama is having its effect on major league averages—and all other levels—as expected.

Take the Ferraro Major, for instance. Normally, it spawned a dozen or more "600" triples on a Thursday night. Last night there was just one. And Buster Ferraro who could hit 600 on concrete blocks, made it with 621. His games—209-205-207.

Other scores in the major:

Jones Dairy (2) — Clifton Quick 511, Ad Jones 215-555, Ed Esposito 237-571, Buster Ferraro 621, Harold Broskie 215-559; 958-850-1009-2817.

Nadler Motors (1) — Tom Amato 201-566, Joe McGrane 201-519, John Schatzel 201-514, John Ferraro 202-537; 849-992-777-2618.

Schoentag Hotel (0) — Phil Corrado 539, Harry Wilber 536; 825-860-825-2510.

Hartack Rides 3 More Winners

Miami, Fla., Feb. 14 (AP)—Willie Hartack, baby-faced jockey, who was the champion rider in 1955 and 1956, booted home three more winners today and just missed with a fourth.

His total for the 25-day meeting at Hialeah Park now stands at 34, including four Tuesday and four more Wednesday. His nearest competitor is Steve Brooks, who has 20 winners.

Hartack's mount, Hoop Band, missed by a head in the \$6,000 seventh race after weakening in the stretch. Royal Briar, under Hedley Woodhouse, won the mile and an eighth event.

Cuba Nine Wins Caribbean Title

Havana, Cuba, Feb. 14 (AP)—Cuba is the Caribbean pool ball champion today, thanks to a ninth-inning rally helped considerably by a summertime member of the Cleveland Indians.

The Cubans scored three runs in the ninth to defeat Venezuela, 5-4, in last night's clincher with the winning run trotting home from second base while a right fielder chased down a wild throw by Rudy Regalado, the Cleveland youngster who has been playing third for Venezuela.

ADVERTISMENT

"IF I WERE YOU . . ."

Kingston, N. Y., Feb. 15—How many times has someone started with this sentence in giving you advice? But, did anyone ever finish it with, "I'd go get a haircut?" Perhaps the reason was that your hair really needed cutting . . . and, if the advice were carried still further, it would be good advice if it sounded like this, "If I were you, I'd go get a haircut at Mickey's. I know you'll get satisfaction there."

Class Tourney Is Restricted To 16 Teams

Dates for the fourth annual Kingston Invitational Basketball tournament — the major post-season tournament in the area — have been announced by the director, Andrew Murphy III.

The annual classic gets underway Tuesday, March 16, with the finals scheduled Monday, April 8.

The tournament will be limited to 16 teams, Murphy said, and will be played over eight nights. The semi-finals are carded April 8.

Murphy said the tournament would attract the usual high class roster, including the defending champion Sickler's Delivery squad.

Wappinger's Crusaders, last year's finalists, Pine Plains Bombarriers, Newburgh Oilers, Poughkeepsie Trabassos, Middletown, Hudson and other high powered combinations will compete.

Expanded Field

Feelers from various teams in New York state and Connecticut have been received and the tournament committee is looking ahead to the possibility of several small college seniors competing.

The No. 1 target is, of course, the Sickler squad which features Siena graduates and seniors and has been the Minneapolis Lakers of the tournament.

Playing dates announced by the Recreation Department and YMCA are:

Qualifying round—March 19, 21, 24 and 26.
 Quarter finals—March 28 and April 1.
 Semi-finals—Wednesday, April 3.
 Finals—Monday, April 8.

The tournament will award the usual trophy prizes and honor the most valuable player selection.

Lions Rip Lawyers

Lions Club embarrassed the embattled Lawyers, 40-26, in an Over 30 league contest last night at the MJM gym.

Chief tormentor of the Lawyers was Coach Jack Gilligan of the Kingston High school varsity who poured 16 points through the hoop for the winners.

Gilligan canned six deuces and had four free throws as the Lions took command in the second period to lead 21-14 at the half, then ran away to a 15-6 bulge in the home stretch.

Heddy, Murphy Get 9
 George Heddy and Andy Murphy contributed 9 points each to the Lion win. Charlie Schultz and Hubert Richter dunked seven points apiece for the Lawyers.

Don't Forget the Name

Hail Brooks' Roseboro As 'New Campanella'

Havana, Feb. 15 (AP)—Brooklyn's long search for a "new Campanella" may have ended in John Roseboro, a young man from Ashland, Ohio, who is drawing rave notices from Caribbean baseball scouts.

Roseboro, only 23, hit .338 with Caracas in the Venezuela Winter League and competed in the Caribbean series against Cuba, Puerto Rico and Panama. Last year he was a .273 hitter with 25 home runs at Montreal.

"Roseboro is the number one prospect I've seen any place," said Mickey Owen, who manages Mayaguez, the Puerto Rican League champions. "He can do all things big—run, hit and throw."

"Sure he can be another Campanella. He can do things Campanella can't do right now. He can run like an outfielder and on top of everything else, he's a left-handed hitter. That's something everybody needs, a left-handed-hitting catcher with power."

"If he was a free agent, I'd give \$100,000 just to sign him up."

Owen, of course, has no chance to sign Roseboro, who is headed for the Dodger camp at Vero Beach, Fla. The Dodgers still carry Roseboro on the Portland roster in the Pacific Coast League but that's just for bookkeeping purposes.

Like Joe Black Case

The situation is very similar to that five years ago when Joe Black was burning up the Cuban League with the Cienfuegos team managed by Billy Herman. Joe went to camp on a farm club roster but wound up rookie of the year in the National League.

Clay Bryant, manager of the Dodger's Fort Worth farm in the Texas League, has had Roseboro under his wing for the past two winters in Venezuela. He managed him at Caracas this year.

"In my opinion, he's ready right now," said Bryant at Gran Stadium before last night's final Caribbean series games. "I'm really high on him and I've talked to Buzzie (Bavasi, Brooklyn vice president) about him quite often."

"I think he can do it. He has all the tools to go all the way. He is the most outstanding catching prospect we've had in years with great speed and good power, but his receiving could be a little better. He has improved 100 per cent in the last year."

Battle for Campanella

"Of course if Campy is right, you know he's going to do the catching. But Roseboro is going to give him quite a battle."

Roseboro is ready for the challenge although he admits all this talk about a "new Campanella" is something that's "on your mind all the time."

He was going to college at Central State in Wilberforce, Ohio, on a football scholarship when Dodger scout Cliff Alexander of Hamilton, Ohio, invited him to work out with the Brooks when they hit Cincinnati.

"Campanella and Joe Black took me under their wings," he recalled. "They treated me fine. It was a thrill to see all those fellows hitting the ball over the fence."

Brooklyn sent Roseboro to Sheboygan, Wis., in Class D where he finished with a .365 average for half a season in 1952. He moved up to Class C and hit .310 at Great Falls in 1953 and then went into the army for two years. He came back late in 1955 and finished up with Pueblo. Then came a winter in Venezuela, a

Jones-Newburgh In No. 1 HVBL Duel Saturday

Jones Dairy, a three-game leader in the torrid Hudson Valley League race if it can win three postponed games from Liberty, takes on Hotel Newburgh in a league crucial Saturday night at the Bowlerama.

The Joneses, Middletown Merchants and Tony's Pizzeria are tied in the win column, with 44 but Dairymen have lost three less.

Pizzeria figures to feast on Ellenville Economy, while Forst Formosts have a lucrative assignment at Ellenville Shannahans. GI Joe's Express travels to Mardi Bobs at Poughkeepsie.

New Solo Record

George Embler of Hotel Newburgh set a new solo record last week with 288. Artie Koeppel of Middletown Merchants passed Johnny Ferraro in the individual average race with 203-2 to Ferraro's 200. Phil Versace's 204-2 sets the pace.

Zink's Hot Rod Is Disqualified

Daytona Beach, Fla., Feb. 14 (AP)—John Zink Jr. of Tulsa, who turned in a record performance yesterday in the measured mile for stock autos, has been disqualified.

Bill France, the president of the National Association of Stock Car Automobile Racing, today said that Zink's 317-horsepower 1957 Pontiac did not pass inspection by the technical committee.

Change in Envoys

Bohlen May Be Switched From Post in Moscow

Washington, Feb. 15 (AP)—The Eisenhower administration reportedly is planning to shift Charles E. Bohlen, U. S. ambassador to Russia, to another diplomatic post.

A change in ambassadors to Belgium and the Netherlands also is said to be in the offing.

Diplomatic officials said yesterday Llewellyn Thompson, now American ambassador to Austria, may succeed Bohlen who has been at his Moscow post for nearly four years.

Ask for Change
Bohlen some time ago asked for a change of assignment and he reportedly has been offered another post. He is due here Feb. 21, presumably to discuss his new job.

Informants said President Eisenhower has decided to nominate J. Clifford Folger, chairman of the Republican finance committee, to take over in Belgium. He would succeed Frederick M. Alger of Grosse Pointe, Mich. Folger is an investment banker here.

Officials said Philip Young, retiring chairman of the Civil Service Commission and a native of Lexington, Mass., was in line for nomination as ambassador to the Netherlands. The present U. S. ambassador there is H. Freeman Matthews, a veteran career diplomat. Matthews now is in Washington for consultations. He expects to return to the Hague before resigning.

Both Alger and Matthews have been in their present posts since 1953.

There have been a number of recent changes in U. S. ambassadorships—in Britain and Italy, among other places.

Normal Weather Is Due Next 5 Days

Albany, Feb. 15 (AP)—The extended weather forecasts for New York state, prepared by the U. S. Weather Bureau, for the period from 7:30 p. m. today, to 7:30 p. m. Wednesday:

Eastern New York—Normal winter weather is expected the next five days through Wednesday, with temperatures averaging around or slightly above the average for the season. Moderately cold beginning of the week, and warming trend by midweek. Precipitation, mostly snow, is expected Saturday night into Sunday and again at night, averaging about one-half inch in water content.

Western New York—Changeable weather is likely with temperatures averaging around normal. Snow or rain Saturday, followed by mostly cloudy and a little colder with scattered snow flurries Sunday or Monday. Moderating a little Tuesday and Wednesday, with wet snow or rain. Total precipitation averaging around three-quarters inch, melted.

Temperature normals—Normal temperatures for upstate New York are starting to rise slowly from the wintertime lows. Daytime temperatures now are about 29 to 34 degrees, with overnight lows from 10 to 15.

Laundry, Dry Cleaning Wages Go Up April 17

New York, Feb. 15 (AP)—Increased minimum wages for 67,400 workers in the laundry and cleaning and dyeing industries were announced today by State Industrial Commissioner Isador Lubin.

The new minimum wage orders, which become effective April 17, provide 90 cents an hour then and \$1 an hour as of Oct. 1, 1958, for full-time workers.

Both orders provide an overtime rate of 1½ times the hourly rate, to be paid after 40 hours in any week.

The new standards replace those contained in wage orders promulgated in both industries in 1953, which set a minimum of 75 cents an hour in the laundry industry and 80 cents an hour in the cleaning and dyeing industry.

The new orders affect 38,300 laundry workers in about 4,200 establishments and 29,100 workers in about 7,800 cleaning and dyeing establishments.

The new cleaning and dyeing order sets a minimum weekly wage of 30 hours' pay for each week in which the working time is no less than 24 hours but not more than 30 hours. Also provided is a parttime rate of 5 cents more than the basic hourly rate for those working less than a 24 hours a week.

Tax-Free Bond Suggested Over Higher Interest

Washington, Feb. 15 (AP)—Some members of Congress suggested today that a tax exemption might be better than an increased interest rate for making government savings bonds more attractive to small investors.

The Treasury Department asked Congress yesterday for legislation to permit an increase from 3 to 3½ per cent on all Series E and H savings bonds sold on and after Feb. 1.

Chairman Cooper (D-Tenn.) of the House Ways and Means Committee scheduled hearings on the proposal for next Thursday, Feb. 21.

Although committee members seemed generally agreed that there is a need to make the bonds more attractive, some suggested it might be better to retain the present interest but exempt it from taxes in the same manner as income from tax free state and municipal securities.

The treasury asked authority to adjust interest rates of savings bonds as it does on other government securities to reflect changes in the money market. The ¼ per cent rate hike would be the first step.

Treasury officials said the planned 3½ per cent rate is "right in line with the market" and provides a return comparable to that on any first rate security.

Cargo Plane Unveiled

Washington, Feb. 15 (AP)—The air force has unveiled a gigantic new cargo plane—the Douglas C-132—which will have a speed of more than 460 miles an hour and be capable of carrying a 200,000-pound payload. This maximum load is double the lift of the C99, a transport version of the B36 and the largest American carrier in existence.

Why We Say--

BLACK SHEEP

HARD TO MARKET: This expression began in the eighteenth century when cleaning and dyeing methods were not fully developed. Since most wool was white there was little market for black wool because it was too hard to process.

Bomber Reaches Base After Crew Puts Out Blaze

Savannah, Ga., Feb. 15 (AP)—A B47 bomber landed safely at Hunter Air Force Base today after crewmen put out flames in the tail section. One man who had bailed out in the Atlantic was picked up by a naval plane.

The bomber, on a training flight from Hunter, caught fire some 180 miles east of Savannah and the crew decided to ditch. After one man parachuted out the pilot discovered another member of the crew was unconscious from lack of oxygen and he headed the plane for Savannah.

Four men were aboard. Capt. Charles E. Steward, an observer on the flight, bailed out before the plane turned back. The navy reported he was picked up by a merchant ship.

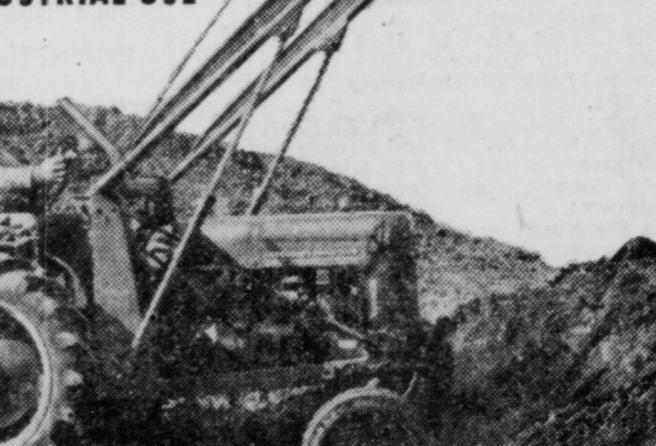

Others on the flight were Capt. James L. Pentz, Jr., Captain John F. Nielson, the pilot; and 1st Lt. Alfred A. Raneri Jr. Raneri passed out from lack of oxygen but recovered shortly before the plane landed.

Negroes See Capital March Unless President Speaks Out

New Orleans, Feb. 15 (AP)—Negro leaders say they envision thousands of praying people marching to Washington unless President Eisenhower speaks out to the South on segregation violence.

The warning came to the President yesterday in telegrams sent by the Southern Negro Leaders Conference, headed by the Rev. Martin Luther King of Montgomery, Ala.

No Political March
"This will not be a political march. It will be rooted in deep spiritual faith," he told a news conference after his group ended a two-day closed meeting.

King, leader of the Montgomery bus boycott, said he did not know exactly what form the pilgrimage would take. But he said he was sure thousands of whites would join the thousands of Negroes in what the telegram called a "pilgrimage of prayer."

"If you, our President, cannot come South to relieve our harassed people, we shall have to lead our people to you in the capital in order to call the nation's attention to the violence and organized terror directed toward men, women and children," the telegram said.

King said the conference, comprising 97 men from 10 southern states, would be satisfied if Eisenhower spoke in the north but pointed his remarks to the south.

Prefer Southern Talk
"But we would prefer him to speak in a troubled southern city, one that has been the scene of violence," he said.

The telegram also asked the President to call a White House conference on law and order.

Noting that Eisenhower had turned down an earlier conference request to speak in the south, the telegram asked him to reconsider.

Since the Jan. 11 request, the wire continued, "violence has continued to erupt by night and by day. It has grown to alarming proportions... we are no longer faced with sporadic violence, but with what appears to be an organized campaign of violence and terror."

"Our people, though resolute and courageous, cannot be expected forever to be targets for rifles, shot guns and for bombs, particularly when our women and children are brought within range of those deadly weapons."

Ask Leadership
"Mr. President, we urge you to give democratic leadership to the confused citizens of the south and the nation in this critical hour."

Telegrams also were sent to U. S. Atty. Gen. Herbert Brownell, asking him to meet with the

conference and southern U. S. district attorneys; Vice President Nixon, asking him to make a fact-finding tour through the south; Sen. Thomas C. Hennings (D-Mo.), chairman of the Senate subcommittee on Constitutional Rights, and Rep. Emanuel Celler (D-N. Y.), chairman of the House Judiciary Committee, asking them to hold committee hearings in the south.

Shooting Takes Life

New York, Feb. 15 (AP)—A shooting in a Greenwich Village night club early today took the life of one man, injured another and sent some 18 other patrons fleeing in fright. Police tentatively identified the dead man as Daniel Joseph Sgobbo, about 30, who had a police record of robbery, burglary and assault charges. The injured man was
